

Country: Republic of the Marshall Islands

Common Variables

		Pop Census Counts			
Total Population	43,380	Year = 1988	50,840	Year = 1999	2004 61,218 Male 31,284 Female 29,934
Total Households - Urban	3,178	Year =	4,023	Year =	
Total Households - Rural	1,745	Year =	2,455	Year =	
Female population aged 15-24 years	748	Year =		Year =	
Male population aged 15-24 years	693	Year =		Year =	
Total land area (excl inland water bodies)	110	Unit	sq km		
Total land area (excl inland water bodies)	70	Unit	sq miles		
Total exclusive economic zone	1,200,000	Unit	sq km		
Total exclusive economic zone	750,000	Unit	sq miles		

Key to the different shading used:

Census data is used in the calculation - update with more recent if you have it!

A formula has been entered - replace it if you have another source

This shading indicates where YOU input data

Source - provide the agency name and publication (if available)

NO SHADING - do not enter anything!!!

	Year	Value	Year	Value	Source
1. Proportion of population below \$1 (PPP) per day ^{a1}	1999	20%			1999 ADB MDG Goals in the Pacific
2. Poverty gap ratio (PGR) [incidence x depth of poverty] PGR=(av income of below pov line/pov line)*(Percent below poverty line) Poverty line (household monthly income) Percent below poverty line Average income of below poverty line					1988 GDP per capita Urban 2,012 Rural 718
3. Share of poorest quintile (20%) in national consumption Share of lowest 20% = (inc) / (total income)	1999	1.6%	2002	3.32%	2002 very rough estimate - weighted data required!
Income of lowest 20% of households Total Income or Expenditure		784,651 49,258,572		436,428 13,140,463	2002 = hholds, n=657 households (unweighted HIES data)
4. Prevalence of underweight children under-five years of age Underweight children under 5 years			2000	1.32%	1991 19%, 1997 27% Meto2000 p69
De facto population under 5 years			MAJURO	5,607	Social Statistics Bulletin , June 2002 Table 3.11 and 1999 Census Report for population estimates
5. Proportion of population below minimum level of dietary energy consumption Proportion below minimum level of dietary energy		0		0	
6. Net enrolment ratio in primary education NER = (total enrolled / total in age group) Age group for PRIMARY SCHOOL Total de facto pop in primary school age group Total in primary school age group attending primary school	1988	89.69%	1999	84.14%	
6 - 13		10,752 9,643		11,271 9,483	
7. Proportion of pupils starting grade 1 who reach grade 5 Year and number of pupils starting Grade 1 Year + 5 and number of pupils completing Grade 5	1988	88.0	1999	86.1	Ministry of Education / Population Census Estimated as the number of persons aged 6-13 not attending school whose highest grade was grade 5 or below divided by number aged 6 - 13 This estimate is for a larger age group than the indicator ability to read and write a simple message in any language/dialect
8. Literacy rate of 15-24 year-olds Total literate de facto population aged 15-24 years	1988	94.52%	1999	98.30%	1988: persons having at least grade 4 level education
9. Ratios of girls to boys in primary, secondary and tertiary education Ratio of girls to boys in primary school Ratio of girls to boys in secondary school Ratio of girls to boys in tertiary education Girls enrolled in primary school Boys enrolled in primary school Girls enrolled in secondary school Boys enrolled in scndary school	1988	0.85	2002-03	0.83	
		0.91	2002-03	1.04	
			2002-03	0.91	Need to update SCHOLARSHIP Students to 02/03
6 - 13		4,717		226	Both Public and Private Schools
		5,542		272	Both Public and Private Schools
14-18		1,373		1,605	Both Public and Private Schools
		1,506		1,542	Both Public and Private Schools

Girls enrolled in tertiary education				2,056	USP Centre, Coll. Marshall Islands, Scholarships (00-01)
Boys enrolled in tertiary education				2,260	USP Centre, Coll. Marshall Islands, Scholarships (00-01)
10. Ratio of literate females to males of 15-24 year-olds	1988	104.2	1999	100.1	
Literate de facto female population aged 15-24 years		1,878		5,309	
Literate de facto male population aged 15-24 years		1,802		5,304	
11. Share of women in wage employment in the nonagricultural sector	1988	33.53%	1999	35.95%	
Women in wage employment in non agricultural sector	1988	2,651	1999	2,886	
Total persons employed in the non-agricultural sector	1988	7,906	1999	8,027	
12. Proportion of seats held by women in national parliament	1983	0.03	2003	0.03	
Number of men elected		32		32	
Number of women elected		1		1	
13. Under-five mortality rate (CMR)	1988	93	1999	48	25.62459962
Number of children under 5 years dying					2001
Number of live births					
14. Infant mortality rate (IMR)	1991	18	2002	28.78	1988 63 per 1,000 live births
Number of babies under one year dying		23		39	
Number of live births		1,283		1,355	
15. Proportion of 1 year-old children immunised against measles, percent	1998	70%	2001	80%	ADB MDG Goals, 2002 EPPSO YB 2002, page 37
Population aged 1 year old					
Number immunised against measles					
16. Maternal mortality ratio per 100,000 live births	1991	0	2002	73.80	Source: Planning and Vital Statistics Division, Ministry of Health
Number of maternal deaths		0		1	note that 0 to 1 has a sig. impact on the ratio
Number of live births		1,283		1,355	
17. Proportion of births attended by skilled health personnel					
Total births					
Total births attended by skilled personnel					
18. HIV prevalence among 15-24 year old pregnant women					
Number pregnant women aged 15-24 screened/tested for HIV					
Number testing positive for HIV					
19. Condom use rate of the contraceptive prevalence rate					
Contraceptive prevalence rate amongst married women aged 15-49	1995	30.6%	2001	34.0%	MoH Statistical Abstract 2002
Total married women aged 15-49					
Number of women 15-49 using contraception					
19b. Percentage of population aged 15-24 years with comprehensive correct knowledge of HIV/AIDS		0%		#DIV/0!	
Women who know the two ways to prevent sexual HIV transmission					
Men who know the two ways to prevent sexual HIV transmission					
19a. Condom use at last high-risk sex (UNICEF-WHO)		#DIV/0!		#DIV/0!	
Women 15-24 who used a condom last time they had sex with non-marital, non-cohabiting partner in the last 12 months					
Women 15-24 who had sex with non-marital, non-cohabiting partner in the last 12 months					
Men 15-24 who used a condom last time they had sex with non-marital, non-cohabiting partner in the last 12 months					
Men 15-24 who had sex with non-marital, non-cohabiting partner in the last 12 months					
20. Number of children orphaned by HIV/AIDS					
HIV/AIDS orphans attending school aged 10-14 years					
Non-orphans attending school aged 10-14 years					
21. Prevalence and death rates associated with malaria					
Malaria prevalence rate per 100,000 population	1990	0	1999	0	
Malaria death rate per 100,000 population	1990	0	1999	0	
Number of malaria infected persons, without distinction between old and new cases					
Total deaths caused by malaria					
Total deaths		213		233	
22. Proportion of population in malaria risk areas using effective malaria prevention and treatment measures					
Percentage population aged under 5 years sleeping under insecticide treated bednets					
Percentage population aged under 5 years treated for malaria					
Population aged under 5 years					
Population aged under 5 years sleeping under insecticide treated bednets					
Population aged under 5 years treated for malaria					
23. Prevalence and death rates associated with tuberculosis MoH to confirm					

TB **incidence** rate per 100,000 population
 TB death rate per 100,000 population
 Total deaths
 Number of TB infected persons, without distinction between old and new cases
 Total deaths caused by TB

24. Proportion of tuberculosis cases detected and cured under directly observed treatment short course (DOTS)
 Tuberculosis, DOTS detection rate, per cent total population
 Tuberculosis, DOTS treatment success, per cent total population
 Annual new smear positive notifications under DOTS
 Estimated annual new smear-positive incidence (country)
 All registered TB cases (country)
 Registered patients who were cured (annual)
 Registered patients who completed treatment (annual)
 Proportion who completed treatment to all registered cases

25. Proportion of land area covered by forest

Forested land area (hectares)

26. Ratio of area protected to maintain biological diversity to surface area

Protected areas, sq. km

Total surface area, sq. km

27. Energy use (kg oil equivalent) per \$1 GDP (PPP)

GDP PPP Unit

Commercial energy use measured in units of kilograms of oil equivalent

GDP (local currency)

PPP Units

28. Carbon dioxide emissions (per capita) and consumption of ozone-depleting CFCs (ODP tons)

Carbon dioxide emissions (CO2), metric tons, per capita

Consumption of ozone-depleting CFCs (ODP tons)

Carbon dioxide emissions (CO2), metric tons

CFC imports, ODP tons

CFC production, ODP tons

CFC exports, ODP tons

29. Proportion of **households** using solid fuels

Households using biomass fuels

30. Proportion of **households** with sustainable access to an improved water source, urban and rural

Proportion of population with sustainable access to an improved water source, urban

Proportion of population with sustainable access to an improved water source, rural

Population with improved water supply, urban

Population with improved water supply, rural

31. Proportion of urban **households** with access to improved sanitation

Population with improved sanitation, urban

32. Proportion of households with access to secure tenure (owned or rented)

Households owned or rented

Total households

33. Net ODA, total and to LDCs, as percentage of OECD/DAC donors' gross national income

34. Proportion of total bilateral, sector-allocable ODA of OECD/DAC donors to basic social services

Total sector allocable bilateral ODA received

34a. Proportion of total bilateral, sector-allocable ODA of OECD/DAC donors to basic education

34b. Proportion of total bilateral, sector-allocable ODA of OECD/DAC donors to primary health care

34c. Proportion of total bilateral, sector-allocable ODA of OECD/DAC donors to nutrition

34d. Proportion of total bilateral, sector-allocable ODA of OECD/DAC donors to safe water

34e. Proportion of total bilateral, sector-allocable ODA of OECD/DAC donors to sanitation

35. Proportion of bilateral ODA of OECD/DAC donors that is untied

Total bilateral ODA received

Amount of bilateral ODA which is untied

37. ODA received in small island developing States as proportion of their GNIs

37. ODA received in small island developing States as proportion of their GNIs
